UPDATE

Current Schedule updated.

Tonight's session at Turf City has been cancelled due to insufficient numbers. Everyone originally in for Turf City have been put in for tonight's session at The Cage.

- 2 places left for tonight at The Cage. Possibly a third place as well.
- Tomorrow night at The Cage is currently full.
- 1 place left for Wednesday night at The Cage.
- 7 places left for Thursday night at Sports Planet.

The difference between [2 and 3-pointers](#) is largely psychological, but it saves the greater competitive edge for select sessions only.

And why an "old boys" session is [not the same](#) as an "easy" session. 😊

[Why](#) winning streaks and losing streaks even themselves out in the longer term.

And [why](#) voting for oneself in the player polls can be counter-productive.

The [11-a-side game](#) on Saturday is confirmed.

- Date: Saturday, 25 April 2009
- Time: 3 pm
- Venue: [East Spring Secondary School \(Tampines\)](#)
- Cost: S\$60 divided by number of players

The following 11 have confirmed or indicated interest: Rajseran, Chris, Luke, Shankar, Tim, Andy M, Yuchi, Gilbert, Damian, Sze Kuan, Nick

We could do with several more. Any shortfall in our numbers will be made up with players from our opponent's squad.

Anyone named above who cannot make it, let us know early as well.

I'm not sure if [James's team](#) is still available or interested to play an 11-a-side game against us on Saturday, 16 May 2009, but if you're interested and available, please let us know as soon as possible. Time and venue [still to be fixed](#).

Rankings are now based on your [TARP](#). Hopefully, it makes more sense than the US government's "Troubled Assets Relief Program".

As an alternative to rankings or classifications, rate your own football skills on ["Self-Rater"](#).

And predict the winners of the Champions League, UEFA Cup, Premier League, Bundesliga, Ligue 1 and the FA Cup on ["Predictor"](#).

AZ and AFC Wimbledon amongst other things on ["Seven Days"](#). Will it be first time since 1959 in the Dutch league?

A [listing](#) of Participants' mobile numbers is attached to today's Update. If your number on the list is outdated, please let me have your current number.

Use the list wisely, for example, for the following:

- For any two regulars to choose their respective teams under the [selection method](#).
- To try to [find a replacement](#) for yourself should you have to withdraw from a session on the day of the session itself.
