

# FIOFAFI

Regular futsal, sport & other activity for working adults in Singapore

Friday, 24 April 2009

## EXTRA (Weekend Activity)

We have 14 for [the 11-a-side game tomorrow](#). Any more? Any shortfall in players will be made up with our opponents' spares.

Time, venue and other details on the blog.

---

With the poll results in hand, how about [more weekend activity](#):

- Another 7 or 8-a-side game on Saturday, 2 May 2009, 5 pm, at Turf City.
- Another 11-a-side game on Saturday, 16 May 2009

Only if there is sufficient interest.

---

A [reminder](#) that "Current Schedule" only covers the regular weekday night sessions.

All other *ad hoc* games and sessions come under "[Other Activities](#)".

A game or session proposed *ad hoc* will only make it to "Other Activities" if there is sufficient interest.

---

[Spotlight](#) on non-league football.

If you've played this week, don't forget to [vote for your player of the session](#).

The poll results and the end-of-week rankings will be out on Sunday morning under "[FIOFAFI This Week](#)".

---

The usual 5 sessions for [next week](#).

Let's see if we can fill both sessions on Monday.

Don't wait for the "Extra" - there may not be one every week. The weekly schedule is up on Thursday morning in any event.

---

Try the "[Self-Rater](#)". Less contentious than the question "*Is Cristiano Ronaldo the world's greatest player, or just an over-hyped two-trick diving show pony?*"

Who'll be the [Player Of The Year](#)?

---

Nick's in Midsummer Night's Dream [next month](#). He'll autograph your programme if you attend.

And try [predicting](#) who will win the following:

- European Champions League
- UEFA Cup
- English Premier League
- German Bundesliga
- French Ligue 1
- English FA Cup

A FIOFAFI jersey to be won!

---

[Read the label](#) on the FIOFAFI jersey - "**Hand Wash Cold**".

---

On "[Seven Days](#)":

- French and German cup semi-final results.
  - Southampton are relegated after 10-point deduction.
  - Roy Keane is back.
- 

Does your body start to deteriorate when you're [30 or 40](#)?

If you're already 40, it doesn't make much difference, but if you're under 40, you should think about it.
