TOSS

After the interruption, FIOFAFI is back with a new system. [Read about it on the blog.](#)

Good to see most games still went on during the interruption. [Don't forget to vote for your player of the game/session.](#)

[We only have 2 players for tomorrow night at The Cage. If we don't get decent numbers by the end of today, the session will be cancelled.](#) Click on the link for more details.

[Did you catch Nick on Culture Shock!?](#)

[The updated telephone list will be circulated next week. If you want to be included, don't forget to e-mail me your details.](#) Click on the link for more details.

Being included in the list gives you priority for the sessions that I co-ordinate.
