## TAILS

[2 places left for tonight at The Cage.](#)

[Will we have a game on Saturday evening at Sports Planet?](#)

For a full listing of the games available until next Wednesday, see the [Schedule Board](#).

---

[Somewhat belated, but the player of the month for October was Andre.](#) Tommy was second and Dan B third.

The player of the month for November will be out next week.

The updated Participant List is attached. It includes those [who have registered as members on the GIFFA Message Board and their member names.](#)

[Who are Yazid, Ian \(No 3\), King, Matt \(No 3\), Alvin, Christian, Gervas and two friends, Sushil's friend, Yeang, Stephen, Hur, Garbiel and an assortment of Jye's team? Would anyone like to provide me with their e-mail addresses?](#)

[You don't have to fill in the security check if you post as a member of the GIFFA Message Board.](#) The security check is required by ProBoards for guests presumably to prevent spam.

[You can modify your profile to limit what is disclosed.](#) I will use the e-mail addresses contained in the profile.

[The player poll is now the crux of the reports.](#) Multiple voting can be prevented on the GIFFA Message Board.

A list of reports can be found on the [Reports Board](#). Don't forget to vote for your player of the game.

[There are now two player tables](#) - one of games played, the other by points.

Votes from the player poll will form a bigger part of the points.
