

# FIOFAFI

Regular indoor football, sports and other activity for working adults in Singapore

Thursday, 17 December 2009

## TAILS

Games up to next Tuesday on the [Schedule Board](#).

[Do try to put your name down on the Schedule Board if you want to play.](#)

- You can see (a) what games there are, (b) who has already put their names down, (c) how many places are left and (d) line ups, without SMSing.
- You can put your name down [either as a member or a guest](#).

Lots of places available for the games on [Saturday](#) and [Sunday](#). If there are insufficient players, the games will be cancelled.

[If we don't get a game going this Saturday, I won't try again for Saturday until next year.](#)

I know a lot of players are either injured or away or busy until the end of the year. I might wind down the games until the end of the year.

Any volunteers to co-ordinate the games from the weekend onwards? You might need to SMS to fill places.

---

To those who have played in the past week, don't forget to [vote for your player of the game](#).

---

A summary of forthcoming games and reports can be found on the ["GIFFA Current Games"](#) page.
